Model Agreement	AGREE

2. Multimodal Analysis

Modality	Fake Score
Image	90.24%
Video	97.11%

7. Analysis Conclusion

The submitted media was assessed as likely AI-generated or manipulated based on the patterns detected by the RealCheck AI models.

8. Disclaimer

RealCheck AI provides an AI-assisted assessment of digital media. The prediction, confidence score, Grad-CAM visualization, and other evidence should not be treated as absolute proof of authenticity or manipulation. Results may be affected by dataset limitations, image/video quality, compression, and previously unseen manipulation techniques.
